

OUR SOLUTIONS

LRT Restoration Technologies is an expert in structural restoration, repair, and waterproofing. We fix, protect, and improve the structures where you live, work, and play — with as little disruption as possible.

FAÇADE & BUILDING ENVELOPE

Repair and Maintenance for All Types of Buildings

Restore the beauty and watertight integrity of your building envelope. We will partner with your team to deliver the most effective, least disruptive solution to meet your unique needs.

STRUCTURAL RESTORATION

Concrete Repair and Strengthening for All Types of Structures

Restore your structure to a stronger, superior version of its original state. We will tailor our solutions and approach to both your structural challenges and your operational requirements.

WATERPROOFING

Waterproofing, Sealants, and Air Barrier Protection for New Structures

Protect against water intrusion and normal wear-and-tear for lasting durability. We offer a full suite of solutions to extend the life of your structures.

INDUSTRIAL RESTORATION

Repair and Maintenance for Concrete and Coatings in Industrial Facilities

Safeguard your operations with solutions that repair and reinforce structural integrity. Our approach emphasizes safety and minimizes disruption to keep your people and processes on track.

INDUSTRIES SERVED

COMMERCIAL REAL ESTATE ■ DATA CENTERS ■ FACILITIES ■ HEALTHCARE ■ HIGH RISE ■ HISTORIC STRUCTURES ■ INDUSTRIAL MANUFACTURING ■ MIXED USE ■ PARKING STRUCTURES ■ STADIUMS ■ UNIVERSITIES ■ WATER TREATMENT

OUR SERVICES

As a turnkey solutions provider, we serve owners, engineers, general contractors, and property managers who need to maintain, protect, or restore the structural integrity of concrete and masonry structures. Our low-disruption approach focuses on what's best for protecting your operations throughout the project lifecycle.

FAÇADE & BUILDING ENVELOPE

- Block and Stone Repair
- Brick Repair
- Brick Replacement
- Brick Tuckpointing
- Building Cleaning
- Building Envelope Continuing Service Agreements
- Caulking Replacement
- Coating Applications
- Crack Repair
- EIFS and Stucco Repair
- Elastomeric Coatings
- Epoxy Injection
- Façade Re-anchoring Systems
- Façade Restoration
- GFRC and Historic Replication
- Historic Building Restoration
- Lintel Repair and Replacement
- Precast Concrete Repairs
- Sealant Replacement
- Terracotta Repair
- Unit Masonry
- Vertical Restoration
- Wall Coatings
- Water Repellent Application

WATERPROOFING

- Air and Moisture Barrier Applications
- Below-grade Waterproofing Systems
- Cold Liquid Waterproofing Systems
- Concrete Consolidation Repairs
- Crystalline Waterproofing
- Expansion Joint Cover Assemblies
- Fireproofing Systems
- Hot Liquid Waterproofing Systems
- Joint Sealants
- Plaza Waterproofing Systems
- PMMA and PUMA Waterproofing Systems
- Sheet-applied Waterproofing Systems
- Spray Fiberglass Insulation
- Traffic Deck Coating Systems
- Water Repellents
- Waterproofing

STRUCTURAL RESTORATION

- Carbon Fiber Reinforcing (CFRP)
- Carbon Fiber Strengthening Systems
- Concrete Repair
- Concrete Restoration
- Concrete Strengthening
- Corrosion Control
- Corrosion Inhibitor Applications
- Epoxy Injection
- Expansion Joints
- Floor Slab Repair
- Floor Slab Replacement
- Parking Garage Repair
- Parking Garage Restoration
- Pedestrian Coating Systems
- Plaza Deck Repair
- Post-tensioning Repairs
- Protective Coating Systems
- Slab Jacking
- Stadium Restoration
- Structural Continuing Service Agreements
- Structural Crack Repair
- Structural Floor Repair
- Traffic Coatings
- Urethane Injection
- Vehicular Coating Systems
- Wall Repair, Beam Repair, and Column Repair

INDUSTRIAL RESTORATION

- Chemical and Abrasion Resistant Coating
- Coatings and Liners
- Composite Strengthening Systems
- Concrete Floor Polishing
- Decorative Concrete Coatings
- Dock Restoration
- Fireproofing
- Floor Slab Crack Repair and Joint Repair
- Floor Slab Jacking
- Floor Slab Replacement
- Floor Slab Stabilization, Resurfacing, and Leveling
- Grouting
- Industrial Continuing Service Agreements
- Pre-sloped Drain Installation
- Sealant Replacement
- Secondary Containment Liners and Coatings
- Slab Joint Repair
- Soil Stabilization
- Specialized Equipment Foundations
